1. Drive To

To get GPS directions, select the **Search Bar** from the main menu. Type or speak the address or business name and then tap the actual address or select the done button on text keyboard.

On the next screen, select the drive icon  to see the route planning screen, or input the destination in one of several ways:

- Home / Work Address
- Recents
- Faves
- Explore
- Gas

On the "Route Planning" screen, you can wait for AT&T Navigator to download the route and choose from 1-3 route options.

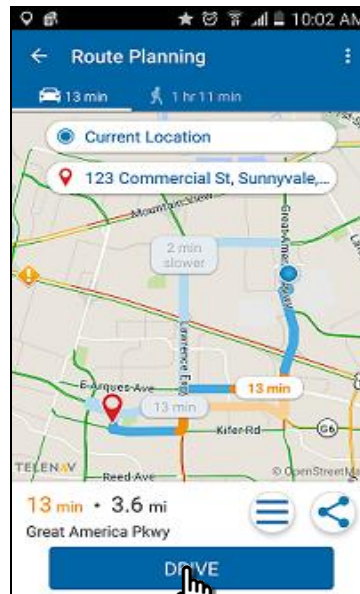

- **Change Route Type** - Select the  icon to set the preferred route style.
- **Share ETA** – Tap  to send the status and progress of your travel via text to an individual or group.

Tap **Drive** to start your trip.

Once the route is loaded, you will get visual and audible directions to your destination.

During navigation, you have the following options:

- **Route & Traffic** – Tap  to view a turn-by-turn summary of your route or simply swipe left to avoid a segment and recalculate route.
- **Map Summary** – Tap  to view a map summary of your route.
- **Search** – Tap  to search for a business along your route.
- **Stop** – Tap  to cancel the turn-by-turn directions of the generated route.

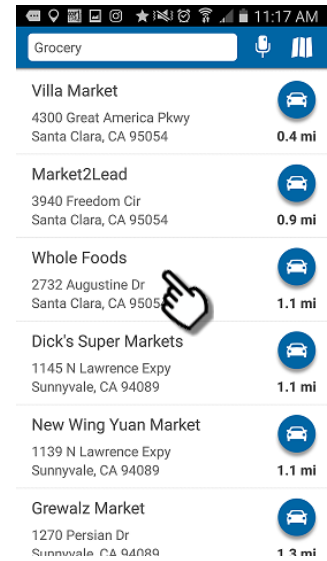

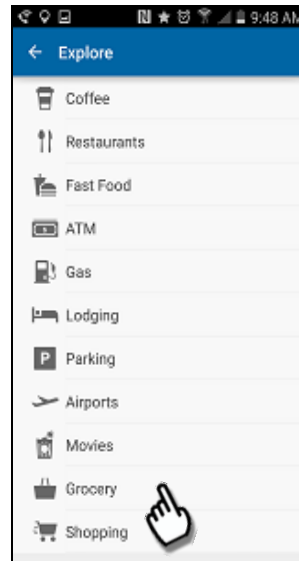

2. Explore

Your Navigation Deluxe lets you access millions of business listings and phone numbers. Find restaurants, shops, ATMs, and many more.

Tap **Explore** at the main menu to see a list of business categories.

Begin your search by choosing a category like “Coffee” or “Restaurants.”

Tap a business to view its details on the next screen.

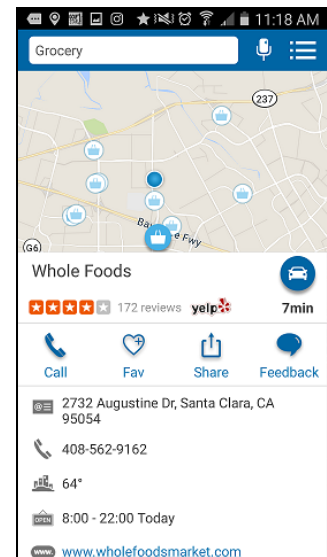

On the Details screen, you will see the business name, its address, and its phone number (if available). Swipe up to view any descriptions and reviews.

To view a map of your search results, tap the Map icon .

In Search Details, you have the following options:

- Drive to the address of the business by tapping the **Drive To** icon 
- Select the pedestrian  tab if the location is within walking distance.
- Tap the phone number, if available, to call the business.
- Tap the heart icon  to save the business to Faves.
- Tap **Share**  to send the address to another user.
- Tap **Feedback**  to send feedback about the address.

3. Maps & Traffic

You can easily view a map of your current location or a particular address using Your Navigation Deluxe, by tapping on the map to remove the default navigation display.

Pan the map by pinching two fingers together or spread them apart on the screen to increase or zoom out of screen.

To re-center on your current location, tap the “Find Me” icon .

To change the view on the map, tap  the 2D/3D icon.

To view/ hide all nearby Traffic conditions or Favorites, go to;

1. Select  Options
2. Select  Settings
3. Toggle on/ off

4. My Navigation

In “My Navigation” you have the following options:

- **Download Maps** – Download one of the 3 regions, so you may utilize uninterrupted navigation in a poor data location.
